

Children together

PLACE & TIME.

Our inclusive family centre is open
Monday to Friday from 7:30 AM to 4:30 PM.

We close for three weeks during the summer holidays,
one week after Easter and between Christmas and New
Year. We are always open for you on all bridging days.

The day care centre fee is income-dependent and
is collected by the Wuppertal youth welfare office.
More information at: www.wuppertal.de

The parents pay the catering costs to the responsible
body. The day care centre is supported by a support
association.

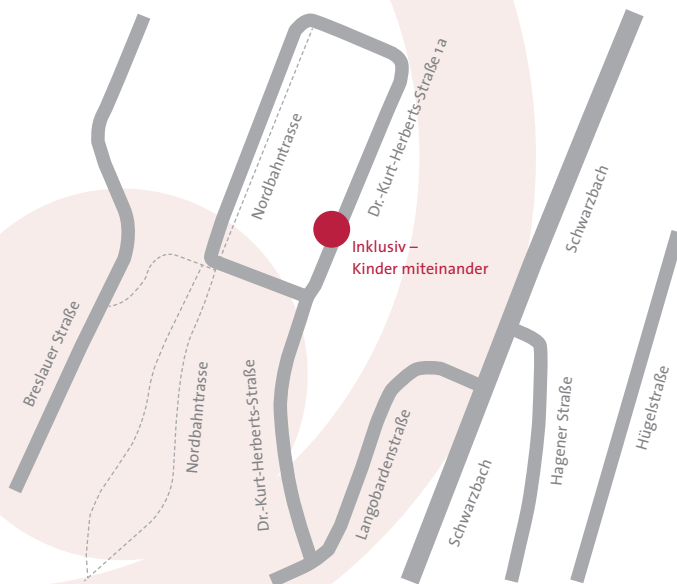

You can get more information from Mr Hartmann.

WE ARE THERE FOR YOU.

If you are interested in registering your child with us,
please contact:
Mr Christoph Hartmann, Director of the day care centre.
We would be happy to show you our facilities and
present our concept to you.

You can arrange an appointment over the phone on:
Phone 0202 . 870 933 80 or on

Inclusive day care centre

**INKLUSIV –
Kinder miteinander e.V.**

DIVERSITY IS COMMUNITY.

Living together in diversity – this is the focus of our work in each of our mixed-age inclusive groups.

You can get in touch if you would like to have your child – from the age of 2 until starting school – looked after in an inclusive day care centre. Playing together and group activities for the children take centre stage in our groups.

Children play together, gain their first experiences with other children and make their first friendships as a result. They provide mutual support for each other.

The close relationship between them and the employees is the basis for your child's well-being with us. That's why working in partnership with you as parents is particularly important to us.

As a result, we can work together to support your child in their development and guide them through an important stage of their life.

INDIVIDUAL AND PERSONAL.

We employ an interdisciplinary team to support the development of the children entrusted to our care.

The children in our care, with their specific needs, interests, potential, strengths and weaknesses, are the focus of our day-to-day work.

We offer stimulation for development and support for skills and capabilities, as well as strengthening of self-awareness, through playing together and many activities.

Our child-friendly rooms have a spacious and bright design. Our facility has a large outdoor area which encourages children to gain their first experiences of nature.

ALWAYS SOMETHING TO DO.

In addition to space to play freely, in which children can try things out for themselves and develop, they gain their first experiences of playing together and interacting with others here.

During the course of the regular daily routine, your children also experience sophisticated support options and similar. In the field of language development, preparation for school, sports and much more; We support children with handicaps when it comes to language and movement. This support is provided in individual therapy from outpatient practices, among other things.

We work together with the following institutions:

- Day care facilities for children
- Remedial day care facilities
- Early intervention centres
- Clinics
- Paediatricians and specialist doctors
- The health authority, social welfare office, youth welfare office
- Schools
